CONIFERS, EVERGREEN TREES

Our Evergreen Trees and Shrubs are grown in soil that produces an abundance of fibrous roots. They have been carefully trained and transplanted from three to five times, and are much better values than stock that like Topsy "jest growd".

Many varieties we can supply in extra selected stock at an additional charge of from 25¢ to 50¢ each.

ROSES

FIELD GROWN- BUDDED LOW

Our Roses are grown near Portland in good sandy loam soil, entirely without irrigation, thus securing a particularly fine root system and firm, well ripened wood.

They are tied in bunches of ten, and are quoted per 10 with no reduction on larger quantities. For less than ten of a variety add 25% to the list price.

PORTLAND GROWN ROSES will please you.
